The Leader in Soft Craft Services

Apache Industrial's rich history as a multi-service solution provider serving the industrial and commercial construction and maintenance industries across North America dates back to 1967. We have industry-leading expertise in:

- Coatings and linings
- Scaffolding
- Insulation
- Abatement
- Fireproofing
- Forming and Shoring
- Rope Access
- Digital services

Through our commitment to excellence in our work, a purposeful culture of safety, dedication and leadership of our skilled craft professionals, Apache Industrial is a company that is doing it right.

Our Vision

We aim to harness technology, sustainable practices, and creative problem-solving to redefine operational excellence, foster enduring partnerships, and deliver transformative solutions that anticipate the future needs of our customers and the industries we serve.

Our Mission

Recognizing our workforce is foundational and leveraging over 55 years of experience, we will continue to evolve as a multi-service solutions provider, relentlessly pursuing profitable growth through innovation, technology and strong partnerships to create lasting value for our customers.

Core Values

Accountability ● Growth Mindset ● Integrity ● Persistence
